REASON FOR TODAY'S CALL:

When I turn the shower on it now goes from freezing cold to a little bit warmer (still too cold to shower) to scolding hot. Turning the handle down slightly does not reduce the heat. The only way to stop the scolding water is to turn the tap all the way off. Additionally and much more simply my bathroom faucet has come loose. Both products are American standard and pictured below.

DESCRIPTION OF WORK PERFORMED:

-I installed the new mixing & pressure balance cartridges. Tested and in good working order. -I resecured the lavatory faucet to the countertop.

QTY.	CODE	DESCRIPTION	UNIT PRICE	PRICE
1		Install Customer Supplied Shower Valve Cartridges	\$129.00	\$129.00
