REASON FOR TODAY'S CALL:

The Garburator is not working. It was hardly used and suddenly stopped working. We checked the power outlet and that's not the problem. Need this fixed by the end of next week before new owners take possession. Thank you.

DESCRIPTION OF WORK PERFORMED:

I was able to unjam the garburator by removing a plastic bread clip from within the grinding chamber. Tested by filling and draining the sink multiple times while running the garburator.
