PHONE 6042610106		EMAIL lindsay@championwindowcleaning.com	

**REASON FOR TODAY'S CALL:**

first issue: Toilet in hall bathroom not working properly. We can flush once then have to wait a few minutes before it will flush again, sometimes the water in bowl won't fill up again so have to "jiggle" a button inside the tank. Garbage disposal not working in double sink, just makes low tone grinding sound, for the past while when it was working water would splash up from the other sink, may be related to problem with dishwasher? as when dishwasher runs water will flow up into the sink. ( we are planning of buying a new dishwasher soon)

**DESCRIPTION OF WORK PERFORMED:**

-I replaced the mechanical portion of the guest bathroom toilet fillvalve and it is filling much faster now. I left the remainder of the fillvalve pieces with the customer. -I was able to unjam the garburator by removing a bunch of broken glass from within the grinding chamber.

QTY.	CODE	DESCRIPTION	UNIT PRICE	PRICE
1		Replace Mech Portion of Toilet FillValve	\$149.00	\$149.00
			SUBTOTAL:	\$149.00
			GST (5%):	\$7.45
			TOTAL:	\$156.45
