REASON FOR TODAY'S CALL:

Hi Can I would like to get a quote and set up an appointment to replace my garburator. My kitchen sink is also draining really slowly. Usually this would be fixed by turning on the garburator but it's busted now. Thanks. Eric

DESCRIPTION OF WORK PERFORMED:

I was able to unjam the garburator and tested by filling and draining the sink while running the garburator. Nothing was pulled out of the grinding chamber, whatever caused the blockage was broken up and pushed through. *I left a garburator key with the owner and showed him how to use it in the case that it jams up again in the future.
