REASON FOR TODAY'S CALL:  
 Inspect and replace supply lines as needed, as per strata letter.

DESCRIPTION OF WORK PERFORMED:  
 IAUG29: Powder Room: -The toilet flapper was warping and the fillvalve was not fully shutting off when it should. I replaced the fillvalve, flapper, and supply line. -The lavatory faucet has integral braided stainless steal supply lines that appear to be in good shape. Guest Ensuite: -The toilet is not the original to the building and the installer used a braided stainless steal supply line which appears to be in good shape. -The lavatory faucet has integral braided stainless steal supply lines that appear to be in good shape. Master Ensuite: The toilet is in good working order and the supply line is braided stainless steal and showing no signs of ware. -The left lavatory faucet supply lines are in good shape but the faucet on the right has a bit of a kink in the hot braided supply line. I will have to contact the manufacturer to inquire about the availability of replacement parts. -The tub spout was loose, I was able to resecure the spout by tightening the nut that secures it to the tub. -The metal sheathing protecting the tub spray hose is fraying and should be replaced. I will ask the manufacturer about the availability of parts for this as well. Kitchen: -The fridge line is plastic and should be replaced. -The dishwasher supply is Wirsbo piping and in good shape. -The kitchen faucet has braided stainless supply lines that appear to be in good shape. Laundry: -The laundry hoses are black rubber and appear to be original to the building. I suggest replacing these. AUG31: -I replaced the Laundry supply hoses with braided stainless hoses. -I replaced the fridge supply line with a braided stainless supply hose. -I removed the Roman tub filler spray hose and will search for a replacement that will fit in it's place. -Unfortunately the hot supply line for the right lavatory faucet in the master ensuite is seized up and I could not remove it.

| QTY. | CODE | DESCRIPTION  | UNIT PRICE | PRICE    |
|------|------|--|------------|----------|
| 1    |      | Replace Toilet FillValve, Flapper, Supply - Standard | \$169.00   | \$169.00 |
