**REASON FOR TODAY'S CALL:**

I have a tub spout that needs to be installed. The bathroom was renovated several months ago. After the tile was set, the spout couldn't reach the plumbing behind. I was told to order a part that extends the reach of the new spout. I did this through Rubi company. The part was back ordered I received it recently. I hope it solves the problem but it may take some problem solving ability. It may be a fairly simple job or it may not.

**DESCRIPTION OF WORK PERFORMED:**

I installed the new tub spout and tested.
