REASON FOR TODAY'S CALL:

I was hoping to get a quote on some fix up work I need done at a condo in Mount Pleasant address 328 East 11th (corner of 11th and Kingsway). I need two things done 1) replace the kitchen faucet as it is leaking (in process of purchasing a kitchen faucet) and 2) the cold water valve in the bathroom doesn't work. I've uploaded two pictures. Thanks Eric

DESCRIPTION OF WORK PERFORMED:

-The Hot shut off valve under the kitchen sink, and the Cold shut off valve under the bathroom sink were not fully shutting the water off. I repaired these valves by replacing the washers, stems, packing, packing nuts, and handles. -I installed the customer supplied kitchen faucet and tested the sink, garburator, and new faucet by filling and draining the sink multiple times while running the garburator. -The bathroom sink was draining slowly. I cleared hair from the drain and made an adjustment to the drain stopper and lever arm. Tested by filling and draining the sink multiple times. -The shower head was spraying out of the sides. I replaced this shower head with a new single spray Delta head.

QTY.	CODE	DESCRIPTION	UNIT PRICE	PRICE
1		Install Kitchen Faucet - Customer Supplied	\$139.00	\$139.00
2		Repair 1/2" x 3/8" Angle or Straight Stop - ADD-ON	\$25.00	\$50.00
