REASON FOR TODAY'S CALL:

- the washer is not getting any hot water - both toilets have a broken flushing mechanism, I have ordered the replacement parts from Caroma (I spoke with the dealer and I will pick them up at Robinsons this weekend)

DESCRIPTION OF WORK PERFORMED:

-I installed the *top portion of both flushvalve assemblies provided as well as the buttons. -I ran the washing machine through a quick cycle and could feel hot water coming through the hot supply line into the machine.
