PHONE 604-782-0615		EMAIL neutronstarchick@gmail.com	

REASON FOR TODAY'S CALL:

There's 4 things we would like you to look at: - Our dishwasher leaks sometimes - Our kitchen sink leaks sometimes - Our bathtub needs a new drain stopper - suggestions for something that works well are welcomed - We would like your suggestions for changing our toilet to a low-flow one Attaching a picture of what the bathtub drain currently looks like. Thanks, Marjorie

DESCRIPTION OF WORK PERFORMED:

-I replaced the tub drain trim with a new lift & turn style drain. -I filled and drained the kitchen sink and could not see any leaking coming from the faucet or drain. I did however notice the drain was flowing very slowly. I used the PowerSpin drain snake to clean the drain and tested again. The kitchen Sink drain is now flowing freely. - The dishwasher seems to be leaking from the door seal. This will have to be confirmed, and repaired by, an appliance repairman.

TECHNICIAN RECOMMENDATIONS:

Measurements needed when shopping for a new toilet: (11? Rough-in) (Round front) (No height restriction).

QTY.	CODE	DESCRIPTION	UNIT PRICE	PRICE
1		Replace Tub Drain Trim - Standard	\$159.00	\$159.00
