PHONE 604.418.8906		EMAIL familyeirew@hotmail.com	

REASON FOR TODAY'S CALL:
 Some block in new dishwasher ,Some sink issues in bathroom sinks, New garburetor if possible.

DESCRIPTION OF WORK PERFORMED:
 SEP19: I disconnected the dishwasher drain hose from the garburator and could see no obstruction in either the hose or the garburator drain inlet. I used a Tupperware container to add water to the dishwasher and set it to a quick cycle. The cycle started off normally by emptying the water from the dishwasher but after a few minutes gave the error code F78. I've suggested contacting an appliance repairman. -While onsite it was mentioned the lavatory and tub drain stoppers in the en-suite bathroom were broken or missing. I will try and track down suitable drain stopper replacements. SEP25: -I returned and installed the new drain stoppers for the master tub and lavatory drains. -The garburator Gaby ordered was the wrong model. OCT1: I installed the new cover control garburator and tested.

QTY.	CODE	DESCRIPTION	UNIT PRICE	PRICE
3		Labour	\$109.00	\$327.00
3		Push Style Drain Stoppers	\$15.00	\$45.00

SUBTOTAL:	\$372.00
