PHONE 604.505.1288		EMAIL erichh3@hotmail.com	

REASON FOR TODAY'S CALL:
 -Shower pressure very low. -Install new kitchen faucet.

DESCRIPTION OF WORK PERFORMED:
 TUB/SHOWER:-The integral stops that I installed on my last visit were stripped by whoever worked on this valve last. I shut off the main water supply and repaired these valves by replacing the washers, stems, packing, and packing nuts. Once the integral stops were removed I found a few large pieces of debris(rusty metal) from within the waterlines. -I removed the Tempress ii cartridge and could see that some of this debris from the hot water supply found its way into the hot port of the cartridge. Before installing the new cartridge the owner had provided, I first flushed debris out of both the hot and cold lines. Once the new cartridge was installed I tested for leaks before reinstalling the trim and handle. KITCHEN FAUCET: I installed the customer supplied kitchen faucet and tested.

QTY.	CODE	DESCRIPTION	UNIT PRICE	PRICE
1		Replace Shower Cartridge - Temp II(Customer Supplied Cartridge)	\$159.00	\$159.00
2		Integral Stop Repair	\$25.00	\$50.00
