REASON FOR TODAY'S CALL:

--offered this time "My shower/tub drain is very badly clogged, taking several days for a tiny amount of water to drain. I tried fixing it with a snake I bought from Canadian Tire, without any success. It finally got stuck and the little brush attachment at the end broke off inside the drain, so that's one more thing that needs to be cleared out. While the plumber is here, I'd also like a couple of minor tasks taken care of: reattaching a piece of the handle that turns on the bath, and tightening the toilet seat onto the base"

DESCRIPTION OF WORK PERFORMED:

Snaked and unclogged tub drain
