PHONE 778.988.5304		EMAIL christyandjas@hotmail.com	

REASON FOR TODAY'S CALL:

two units in the same building that require work: #301 -lav faucet dripping. -laundry drain has a history of suds backing up even when machine not in use, this sounds like an issue with the buildings drainage. #GR-3S - the toilets are not flushing correctly (3 of them) inspect and replace any parts necessary. - also the sink in the master bedroom leaks

DESCRIPTION OF WORK PERFORMED:

UNIT#GR-3S -replaced fill valves,flappers and supply lines in all three toilets. -inspected kitchen faucet, as owner didn't like how loose it was. I recommend it to be replaced. -tightened lav faucet and siliconed around base. UNIT#301 -we have ordered replacement cartridges for the lav faucet, these cartridges are a couple weeks away. if you decide to replace the faucet all together this is no problem, we will keep the cartridges in our stock for the future.
