REASON FOR TODAY'S CALL:

-investigate leak. staining on hardwood flooring. -we've been given access to units 2907 & 3007.

DESCRIPTION OF WORK PERFORMED:

Inspected both #2907 and #3007, found water damage in both units in the same location. It seems to be coming from the shower. Found molding on the grout lines. It appears between the glass frame and the tiled shower edge. the leaking appears to be happening in each unit and not coming from #3007 to #2907.

TECHNICIAN RECOMMENDATIONS:

it is important to not that i was on a job on the 17th in another unit on the 29th floor with the same staining, in the same area.
