REASON FOR TODAY'S CALL:

-kitchen faucet leaking from handle.(we replaced the cartridge 1.5 years ago)

DESCRIPTION OF WORK PERFORMED:

-the cartridge in the kitchen faucet was leaking right through the stem. this is strange because we replaced this cartridge just a year and a half ago. i noticed that the water pressure in the building is quite high, this could be the cause of the cartridge breaking down so soon after installing.

TECHNICIAN RECOMMENDATIONS:

-unfortunately there's nothing we can do about the pressure as it is regulated by the buildings water mains. -if this cartridge doesn't last I would recommend looking into replacing the faucet with one that uses a different type of cartridge that will hold up to the high pressure.

QTY.	CODE	DESCRIPTION	UNIT PRICE	PRICE
1		Labour - Warranty Replacement	\$99.00	\$99.00
			SUBTOTAL:	\$99.00
			GST (5%):	\$4.95
