**REASON FOR TODAY'S CALL:**

-lav faucet dripping. there's no name brand on the faucet, remove handle and remove cartridge to see whether we have in stock or if they will have to be ordered. --- call Susan for entry.

**DESCRIPTION OF WORK PERFORMED:**

Nov1---removed lav cartridge and took pictures which i showed to my wholesalers but they could not recognize the brand. noticed the hot & cold shut off valves under the lavatory sink were not fully shutting water off. Jan8---repaired shut off valves under lavatory sink so lav faucet cartridges could be removed without having to keep the main water supply to the apartment turned off.
