REASON FOR TODAY'S CALL:

Bad smell at master bathroom. Has been going on since we moved in to our newly renovated suite this Sep

DESCRIPTION OF WORK PERFORMED:

Feb25---inspected plumbing in master bathroom. Found that when the toilet is flushed air is sucked through the back of the toilet which would indicate that the wax seal is not sealed properly. Will have to return and lift the toilet to inspect further. Feb27---lifted toilet and found that the seal was not making full contact with the toilet floor flange. removed old seal and re-set toilet with a MaxWax wax seal.
