**REASON FOR TODAY'S CALL:**

"Some leakage on the floor in the living room. Not quite sure about the details, as it was reported by the tenant." -inspect garburator

**DESCRIPTION OF WORK PERFORMED:**

-The water damage was on the hardwood floor between the kitchen and the guest bathroom, just on the other side of the guest bathroom tub. The tenant said she noticed this water damage shortly after taking a shower. ---GUEST BATHROOM---When I turned the shower on I noticed water spraying out of the connection between the spray head and the spray hose. This water was cascading down the tiled wall and through the shower valve trim. I replaced the tub spout, removed the old shower spray head & hose and installed a standard shower head. ---Garburator---the garburator is non functional. i tried to free it up but it will not turn.

**TECHNICIAN RECOMMENDATIONS:**

-The tub/shower cartridge in the Guest bathroom requires replacement as it doesn't fully stop the flow of water, there is a slow but constant drip. This fixture is Price Pfister. If you as the homeowner call in they will usually send out a replacement for free.

QTY.	CODE	DESCRIPTION	UNIT PRICE	PRICE
1		Replace Tub Spout & Shower Head - Standard	\$149.00	\$149.00
			<b>SUBTOTAL:</b>	\$149.00
			<b>GST (5%):</b>	\$7.45
			<b>TOTAL:</b>	\$156.45
