REASON FOR TODAY'S CALL:

"Toilet in guest bathroom is 'hissing' quite frequently. Also, am considered about 'odours' coming from washer/dryer. Master bathroom sink may need 'snaking' - tried Draino but it doesn't seem to be working properly. Same for master bathroom bathtub."

DESCRIPTION OF WORK PERFORMED:

**Oct22---GUEST TOILET: the fill valve and flapper require replacement, I will have to order these parts. I made an adjustment to the flapper which has helped for now. MASTER BATHROOM: lavatory sink tested and draining well. Tub overflow lever coil had some hair, I removed the hair and tested by filling tub 6" and draining.
 **Nov6---Replaced fillvalve(Kohler 1068030), flapper,GP84995), and supply line in guest toilet. Replaced standard FillValve in master toilet.

| QTY. | CODE | DESCRIPTION | UNIT PRICE | PRICE |
