REASON FOR TODAY'S CALL:  
 "my second bathroom smells like sewage, and there is also a funny smells in the kitchen sink."

DESCRIPTION OF WORK PERFORMED:  
 -The wax seal between the toilet and floor was broken I lifted the toilet and re-set with a new wax ring. During testing I noticed the FillValve, flapper, and lever handle were not functioning properly, I replaced these 3 items. -I believe the smell in the kitchen is coming from the garburator, I suggested using "AllFresh" garburator cleaning packets.
