REASON FOR TODAY'S CALL:

"bathroom faucets make strange noise, and vibrate when open. especially ensuite. my guess is they need to tightening up or change?"

DESCRIPTION OF WORK PERFORMED:

---LAVATORY FAUCETS: there seems to be an issue with the lavatory faucet cartridges, the hot side of the master faucet will not shut off, it seems like the cartridge have loose internal parts. I have taken pictures of the faucets and will forward on to Paini to inquire about replacement cartridges. ---MASTER TOILET: The toilet in the master bathroom was running, I replaced the fill-valve, flapper, and supply line.
