**REASON FOR TODAY'S CALL:**

"my shower drain is clogged up. Put a coat hanger down there - lots of hair (yuck) - but didn't do the trick. I suspect there's a lot of hair further down. Would also like you to take a look at the shower fixture (not sure if that's the right term - it's the thing you turn to get water) to ensure that it's secured properly (don't want water to get into where it shouldn't). There's a plate that is loose - I think it's just a cosmetic part. thanks so much!"

**DESCRIPTION OF WORK PERFORMED:**

Cleared hair from shower drain using the PowerSpin drain snake.
