REASON FOR TODAY'S CALL:

"Sink drainage issues. We believe Everything is clogged as the sink is connected to the washing machine. but are unable to look deeper."

DESCRIPTION OF WORK PERFORMED:

The garburator was jammed with a dime and full of food debris. I removed the dime and tested by filling and draining the sink. I also drained the contents of the dishwasher.

TECHNICIAN RECOMMENDATIONS:

I noticed water leaking from the bottom of the dishwasher. I removed the kick plate and noticed water dripping from the right side front. I suggested calling an appliance repairman.
