REASON FOR TODAY'S CALL:
 -replace tub spout diverter

DESCRIPTION OF WORK PERFORMED:
 Installed customer supplied tub spout with diverter.

TECHNICIAN RECOMMENDATIONS:
 The threads coming out of the wall are soldered onto 1/2" copper at a depth that doesn't leave much for the spout to grab on to. Because these threads are soldered onto the copper they can not be removed. I tested the spout and there is no signs of leakage but I filled the space between the tile and threads with silicone anyway to make sure that if in the future the spout does start to leak it will not leak behind the tile but instead down the front of the tile and into the tub.

QTY.	CODE	DESCRIPTION	UNIT PRICE	PRICE
1		Instal Tub Spout W Diverter - Customer Supplied	\$129.00	\$129.00
SUBTOTAL:			\$129.00	\$129.00
