REASON FOR TODAY'S CALL:

Tub not draining well.

DESCRIPTION OF WORK PERFORMED:

-I used the PowerSpin drain snake to clear hair from the tub drain and tested by filling the tub 8" and draining.

TECHNICIAN RECOMMENDATIONS:

It feels like there is a hard object stuck in the ptrap of the drain, the drain snake was sometimes able to grab ahold of it but it would not pull out. The drain is flowing freely past this object.
