REASON FOR TODAY'S CALL:

I need you to replace the original (12 years old) toilet and vessel sink in my investment apartment. The suite will not be tenanted so is easy to access. I will arrange to have the fixtures there on your arrival. I do not have a connection to the "buzzer" at the door, but will be at the end of my phone (604) 671-6115.

DESCRIPTION OF WORK PERFORMED:

---June18: I installed the new toilet and disposed of the old. I removed the lavatory sink and faucet but noticed during installation of new that the counter would have to be cut out slightly to accommodate the new sink. ---June23: I completed the install of the lavatory sink and faucet and tested by filling and draining the sink multiple times. I replaced the pressure balance and mixing cartridges in the shower valve.
