PHONE 604-831-4100		EMAIL sydney91@hotmail.com	

REASON FOR TODAY'S CALL:  
 -install customer supplied kitchen faucet. -replace Hot & Cold shut off valves under kitchen sink -check 3 drains.

DESCRIPTION OF WORK PERFORMED:  
 -I replaced the hot & cold shut off valves under the kitchen sink and installed the new customer supplied kitchen faucet. The cold water pressure in the new faucet is quite low. I disconnected the cold supply line and tried to flush out any debris that may be stuck inside but could not. I then removed the cartridge and tried to flush it out but could not. I suggested returning the faucet as there seems to be something wrong internally. -I unjammed the garburator and replaced the drain 90 as the old one was cracked. -I cleared hair from the top of the lavatory sink drain. -The tub seems to be draining fine.

QTY.	CODE	DESCRIPTION	UNIT PRICE	PRICE
1		Install Kitchen Faucet - Customer Supplied	\$139.00	\$139.00
1		Replace 2 1/4 Turn Straight Stops	\$99.00	\$99.00
