REASON FOR TODAY'S CALL:
toilet backing up when flushed.

DESCRIPTION OF WORK PERFORMED:
I tried to clear the toilet blockage using our 6' toilet auger but could not. It felt like there was something stuck within the toilet trap. While onsite Brian mentioned that one of his dogs rubber balls was missing, I believe this is what is stuck in the toilet. I did not have time to lift the toilet until the following week but Brian said he could do it. I left him a new wax seal and supply line.
