REASON FOR TODAY'S CALL:
Install new kitchen faucet Snake drain of bathtub

DESCRIPTION OF WORK PERFORMED:
 -I was able to tighten the nut that secures the existing kitchen faucet. -I used the PowerSpin drain snake to clear hair from the tub drain. The lift rod came detached from the lever. I re-attached the lift rod and re-installed the stopper. Tested and in good working order. -While onsite I was informed that the master bathroom hot handle on the lavatory faucet was not secure to the counter. I tightened this. I was also informed that there was leaking under the same sink. I found there to be pinhole leaks in the supply lines leading to the faucet. I replaced these supply lines with braided stainless lines. During testing of the faucet I noticed there is also a leak coming from the cold cartridge. Unfortunately I can no longer get cartridges for this faucet.

| QTY. | CODE | DESCRIPTION | UNIT PRICE | PRICE |
|------|------|--|------------|----------|
| 1 | | Clean drain using PowerSpin / Tub/Shower | \$149.00 | \$149.00 |
| 2 | | 20" Stainless Lav Supply | \$10.00 | \$20.00 |
