REASON FOR TODAY'S CALL:
 My Bagder 5 in-sink-erator makes humming noise when i turn it on. There is also a smell of burned plastic or electronic. Maybe the motor burned out? Need repairing or replacement of Badger 5 in-sink-erator.

DESCRIPTION OF WORK PERFORMED:
 The garburator had a lot of hard objects(cherry pits, plastic, etc) inside the grinding chamber. I started to remove these hard bits and half way through realized there was a crack in the housing. I replaced the garburator with new and tested by filling and draining the sink while running the garburator.
