**REASON FOR TODAY'S CALL:**

1. A slow leak under the kitchen sink - my contractor looked at it and says that I need to replace the shut off valves. He took a picture which I will forward to you. 2. The spray hose in the kitchen sink needs to be replaced - would you please supply and install a chrome one.\*nope 3. Water pressure in kitchen is not good, which I don't understand as both bathrooms seem to be ok. Would like you to check. 4. Kitchen taps are loose and I need a drain plug for one sink. 5. Drain plugs also required for both bathtubs - what kind is best?

**DESCRIPTION OF WORK PERFORMED:**
