REASON FOR TODAY'S CALL:

1) Leaking tap on the kitchen sink 2) Leaking toilet around the junction to the floor **It will be my boyfriend who will be home and the buzzer is under Peter and Lesley - if I don't answer (as it goes to my phone and I'll be at work), please call 778-238-3580 and he will come let you in.

DESCRIPTION OF WORK PERFORMED:

-The kitchen faucet was leaking through the cartridge. I replaced the cartridge and tested. -The toilet is seated straight into the floor flange and there is no sign of leaking under the bowl. I believe the moisture on the floor is splash back urine from when the toilet is used. I informed Peter of this and he will be more aware while using the toilet.
