PHONE 778.980.3207		EMAIL Shawnajiang@live.com	

REASON FOR TODAY'S CALL:

My garbuator is not working. When it is turned on, It is making noise but not running. Happened once before, fixed it but the problem came back few months later.

DESCRIPTION OF WORK PERFORMED:

-I unjammed the garburator by removing glass and a cherry pit. Tested by filling and draining the sink while running the garburator. -While onsite the owner also mentioned the tub was not draining well. I removed hair from the top of the drain stopper but the drain was still not clear. I used the PowerSpin drain snake to clean the tub drain and tested by filling the tub 6" and draining.

TECHNICIAN RECOMMENDATIONS:

The owner mentioned while onsite that they were thinking of replacing the toilet. The floor flange is 14" from the back wall and the measurement from the underside of the countertop to the floor is 31-1/2".

QTY.	CODE	DESCRIPTION	UNIT PRICE	PRICE
1		Clean drain using PowerSpin / Tub/Shower	\$159.00	\$159.00
SUBTOTAL:				\$159.00
GST (5%):				\$7.95
