REASON FOR TODAY'S CALL:
The shower drain is clogged

DESCRIPTION OF WORK PERFORMED:
I used the PowerSpin drain snake to clean the tub drain and tested by filling the tub 8" and draining.

TECHNICIAN RECOMMENDATIONS:
*It was mentioned while onsite that the tub would back up with dirty water even when no fixtures were being used within the apartment. If this happens again in the future I would strongly suggest mentioning this to the building manager right away as this is usually a sign that there is a blockage or congestion within the buildings main drainage stack.
