REASON FOR TODAY'S CALL:
kitchen faucet spray hose came apart and retracted into faucet

DESCRIPTION OF WORK PERFORMED:
 ---Oct18: I reattached the spray head and noticed that the kitchen faucet spray hose was frayed and if left like this would eventually start to leak. I contacted Delta and asked them to send out a replacement spray hose which they agreed to do under warranty. The faucet is fine to use until the new hose arrives but I informed the tenants not to pull the spray head out as it would potentially wear on the hose. ---Dec6: I returned with the new hose and installed.
