REASON FOR TODAY'S CALL:  
 Replace garburator Check W/D supply hoses

DESCRIPTION OF WORK PERFORMED:  
 -I replaced the garburator with a new Waste King 1001 and tested by filling and draining the sink multiple times while running the garburator. -There was signs of water damage to the flooring around the washing machine but I could not see any sign of leaking from any of the water or drain connections. I suggest having an appliance repairman inspect the machines further.
