REASON FOR TODAY'S CALL:

Replacing flush valve in toilet Replacing sealing ring in toilet tank (closing the water intake as a temp fix for the broken valve will eventually drain the tank... So it leaks, too) Replace seal on faucet of bathroom sink (unrelated to toilet :)

DESCRIPTION OF WORK PERFORMED:

-I replaced the toilet FillValve, flapper, and supply line. Tested and in good working order. -The lavatory faucet was leaking out of the threads of the aerator. I added Teflon tape to the threads and reinstalled the aerator. Tested and not leaks present.
