**REASON FOR TODAY'S CALL:**

Hi, I have a few issues in my condo at the moment: 1) The garburator in my kitchen sink hasn't been working since November (been too lazy to call you guys in!) and my contractor took it out and we realized it's rusted over so it needs to be replaced (have attached photo of model). I've also attached a photo of the hose that connects into it as it looks like there is debris in there (not clogged though) just in case it needs replacement as well. 2.) The kitchen sink faucet has two issues; one is that there is a slow leak onto the putty plate (that eventually stops and never spills over anywhere) and also the pull-out spray button has finally come off the top and could use replacing. 3.) I have 2 regular size bathtubs that both have slow draining water issues at the moment and may just need to be unclogged.

**DESCRIPTION OF WORK PERFORMED:**

-I replaced the garburator with a new Waste King 1001, and installed the customer supplied kitchen faucet. Tested by filling and draining the sink multiple times while running the garburator. -I used the PowerSpin drain snake to clean both tub drains.

QTY.	CODE	DESCRIPTION	UNIT PRICE	PRICE
1		Supply & Install 1/2HP Waste King 1001 Garburator	\$279.00	\$279.00
1		PowerSpin - Drain Cleaning Add-On	\$50.00	\$50.00
1		Install Customer Supplied Kitchen Faucet - ADD-ON PRICING	\$39.00	\$39.00
