PHONE 604.315.5142		EMAIL npcairns@niccai.com	

**REASON FOR TODAY'S CALL:**

1) toilet not flushing properly. Have to hold handle down to get full flush and replace of water. 2) hook up water for new fridge (water faucet in place behind, but want it looked at professionally)

**DESCRIPTION OF WORK PERFORMED:**

?Sep27: -The toilet FillValve was not functioning properly. I replaced the fillvalve & supply line & tested. -The shut off valve for the fridge was not working. I repaired this valve by replacing the washer, stem, packing, packing nut, and handle. The fridge didn't come with its own supply line and I did not feel comfortable reconnecting the old copper one. I will have to purchase a braided supply and return to install. ?Sep28: I installed the new fridge supply line.
