REASON FOR TODAY'S CALL:
Laundry shut off valves not working.

DESCRIPTION OF WORK PERFORMED:
The laundry box has a shut off valve that controls both the Hot & the Cold with one lever. This lever failed and parts are no longer available for this model. The laundry box does however have Integral stops that are used to isolate this box. I repaired these valves by replacing the washers, stems, packing, and packing nuts. Tested and in good working order. These Integral stops can be used in place of the single lever which is to be left in the open position.

QTY.	CODE	DESCRIPTION	UNIT PRICE	PRICE
1		Replace Hot & Cold Integral Stops	\$159.00	\$159.00
