**REASON FOR TODAY'S CALL:**

On your last visit you looked at our Kohler toilet which 'runs' constantly and you advised that the problem was that the toilet had a non-Kohler fill valve installed and that this was likely causing the running problem. I would like to have a Kohler fill valve installed to hopefully stop the running.

**DESCRIPTION OF WORK PERFORMED:**

I installed the Kohler 84499 conversion kit and tested. I did not install the new flapper(left new one with De Jersey) because the existing one was in good shape.
