PHONE 780.974.0453		EMAIL peggygouin@icloud.com	

**REASON FOR TODAY'S CALL:**

-The Sink is not draining . -The water temperature in the Shower is inconsistent . -Replace toilet seat(customer supplied).

**DESCRIPTION OF WORK PERFORMED:**

?July28: -The Bathroom sink was flowing freely. -The wrong toilet seat was purchased. I will pick one up for the next visit. ?Oct6: -I replaced the mixing and pressure balance cartridges in the shower valve. -I removed floss and gunk from the top of the lavatory drain that was draining slowly. -I could not remove the old toilet seat as the bolts are seized up into the inserts attached to the porcelain. I will have to order a bolt removal kit from Kohler. ?Oct27: I installed the customer supplied shower head in the master bathroom. -I used the Kohler anchor bolt kit to remove the old seat and install the new.

QTY.	CODE	DESCRIPTION	UNIT PRICE	PRICE
