REASON FOR TODAY'S CALL:

I would like to get a quote for the following two issues: 1) I have a pull out faucet. One day, I extended the pull out faucet and there was a blockage and the tube suddenly started expanding and it burst within a three second time frame. The interior tube must now be replaced. 2) I would like caulking done around my shower lever.

DESCRIPTION OF WORK PERFORMED:

I installed the customer supplied kitchen faucet and tested. I also added some silicone around the shower valve trim.
