PHONE 604.689.1057		EMAIL mikenbill@telus.net	

REASON FOR TODAY'S CALL:
 Replace shower trim, spout, shower head. Replace lavatory faucet.

DESCRIPTION OF WORK PERFORMED:
 ?Dec14: I installed the new tub spout and shower head. I used a flexible camera to inspect behind the tile after installation of the new spout and head. I replaced the cartridge within the shower valve but will wait until access to the integral shut off valve is cut in the tile before installing the new trim cover and trim.--Jan30: I repaired Hot & Cold shower valve integral shut off valve. We determined the lavatory faucet spout was a little shorter than the original and would cause issues with water splashing onto the countertop when washing hands. Feb6: I installed the new lavatory faucet, shower valve cover, and shower valve trim. I also added some silicone at the base of the tub access cover in the guest bathroom.

QTY.	CODE	DESCRIPTION	UNIT PRICE	PRICE
